Pleasure to work with you shouldn't count on it x5

Chorus

When I was there

Talkin

Didn't know I would leave just like that

You put on own self

I not the blame

Whe you went back to her

Like you were shame of me

Now you shouldn't count on it

Pleasure to work with you

Never count on it x5

Verse 1

I run into her over the phone

I I I would do you like that

I know it just love

I keep the same password you said it just love

Now I'm here alone

I said I'll be alright be fine without him

(Chorus)

Pleasure to work with you,

You shouldn't count on it x5

Nice to meet you, you shouldn't count on it

(Chorus)
