## Chorus

Being without you  
Make life so great  
I thought had to have you in my head  
You want to say, what I'm doing, who I'm talk to so  
done  
Lookin in to your eyes I got this feeling you don't won't  
be here no more  
My stomach is turning, but you can say I give you the  
clothes off of my back  
You can talk now what about if I leave  
So I won't say, I'm not so lonely anymore
