Hello my love  
Wish you were here  
So many things in my heart  
I'd like to share  
A few warm thoughts  
A subtle smile  
Our conversation through silence  
Could last all night

At ease my mind  
To see your face  
Those sexy eyes could calm  
A heart of rage  
You speak my name  
I touch your hand  
The chemistry only true love could understand

(Bridge)  
You've opened my soul to happiness  
And shown me new ways of love  
Smooth is life's travels with you beside me  
I'll never walk alone

(Chorus)  
Can't get enough of you  
When we oooo  
Can't get enough of you  
When we oooo

You give of you  
All you can give  
You've taught me love laugh  
You've taught me to live  
At rainbow's end  
That pot of gold  
Can't hold a light to you  
'Cause you're my heart and soul

Such passionate love that we make  
In time our bodies are one  
When loving's done the passions  
Still strong

'Cause spiritually we are as one

(Chorus)
