Can't we forget about the things I said
They really weren't meant
It's no surprise I used up all my chances
I've taken almost all,
You've endured me for so long
I know, let's talk about it

Allright, alright? Let's give it another shot
Allright, alright?
I wake up alone, stare at the phone
I dial for answers and recall
Your help refused, your trust abused
I lacked to share
Now, I'm craving for the days
When things were not so complicated
Before I turned hated
Allright, alright? Lets give it another shot
Allright, alright? Lets give it another shot
Failed to notice, failed to see
Let me in, believe in me
Allright

You said we won't make it
No need in faking
But every moment's
Marked down in my heart
I keep on trying, identifying
Our stupid problems
But keep on fighting

Yeah!

Allright, alright? Lets give it another shot
Allright, alright? Lets give it another shot
Failed to notice, failed to see
Let me in, believe in me
Allright, alright?
Failed to notice, failed to see
Let me in, believe in me
Allright, alright?

But every moment's

Marked down in my heart
