This song's about beaver and not the kind
that hides in woods although there's a link
It's not that I'm neurotic, maybe just a bit obsessed
By these hairy fluffy suckers
So be prepared cause I'm coming te get yours soon!
I wanna taste your juice!
Very soon, I'd like to taste your juice !
If you save your cumfy fuzzy spot for me...
You're gonna make my day...
They come in different sizes, different hairdos,
different smells,
I sure hope yours doesn't stink !
So get prepared cause I'm coming to get yours soon !
I wanna taste you juice!
I'm the man now , so what ya gonna do...
Strike! Now I gotta score soon...
Before I turn into a sexually frustraded goon like you!
