"Die For You"

All I ever needed, all I lived for something true, the
devil's hands and rolling sixes on Sin City Avenue. My
life began and ended there but I came out stronger, a
new me. It took me six months realizing, I was already
there. Cause I'm living now and I'll never give it up.

I would have died for you, walked the wire for you, I'd
do anything just to be with you.

Look at me. I ain't got much just a promised road
ahead. You and me and where the wind will blow us to,
you said. No more days filled with fear, I'll never loose
my sight on what's real. There won't be one single day
that I will loose myself again.

I would have died for you, walked the wire for you, I'd
do anything just to be with you.
I did die for you. I did cry for you. I'd do it all again just
to be with you.

I waited many years for this. All these years have make
me sick.

Counting hours, counting days. Afraid of showing the
real me.
But now I'm home again. Now I'm home again.

Die for you. Walk the wire for you. I'd do anything just
to be with you.
