I don't do this to get a fake piss at you...  
It just feels nice to puke out bitterness  
You walk around and expect me to be impressed...  
By your knowledge and good looks that don't exist

A force fed monkey is what you'll be,  
Dictated by a sad, cigar-chomping wise-ass boss.  
But...

I'm the stupid, I'm the dumbo, I'm the loser and you're  
so great

It's a sure thing that you deserve a place,  
In the pantheon of greatness yes indeed  
But understand that near the toilet is,  
Where your precious spot is bound to be

You get it on for glamrock, pathetic you're not...  
I hope you realize, all you can do is rawk and drool  
But...

I'm the stupid, I'm the dumbo, I'm the loser and you're  
so great,  
You think you're great,  
So God damn great.

You suck!
