Since you've been gone I've thought this over, and over
Trying to figure out
Questioning where I went wrong
You stayed the same as I drifted away

Falling, I am falling
You no longer form the ground beneath my feet
I'm holding on, to times long gone

Don't think I'll come across another you,
Someone who understands my truth
And I still wonder do you think of me
Like I think of you and our many plans undone

Dreaming, I keep dreaming
That I'm still the one who puts a smile on your face
I'm holding on, to times long gone

And I will remember, I will treasure
Every moment ever spent
I will remember, I will treasure
Every moment ever spent
With you

Falling, I am falling
You no longer form the ground beneath my feet
I'm holding on, to times long gone

We used to have a thing called love
Unconditional
Meant all I said
Meant all I did
And I'll say and do it all over again
Cause all of it was true
