

Janez Detd "Going Mental"

Visit "[Going Mental](#)" on MotoLyrics.com

Going mental, I'm a relatively normal guy.
No sociopathic freak that tries to hard, you know the kind.
What you see inch thick and as slick as polished shit is,
what I've got for you!

Middle-aged, blue-eyed, blondie sort of like in "Village Of The Damned" but with better lingerie.
I guess that makes her a m.i.l.f. Yeah, a mom i'd like to...

My best friend's mom, yep sometimes I, fantasise
about, her female flesh rollin round, my bedroom floor
all, smothered in,

peach melba yoghurt.

I've gone through hypno-therapy.
To erase it from my memory.
I know I'm not the brightest crayon in the box but
"Today's punks, tomorrow's heroes!".

So please help this, cagey flunky!

Now, I said now, so don't turn it around, cause it's over
now.
