Summer's almost gone again,
I wonder what the fall will bring
You and I, we're through,
And that's probably the best for me cause
About time that I saw you
For who you really were to me
And about time that I forgot
The misery you brought to me
Someday maybe, maybe someday,
You'll feel me and you'll agree that

Hate does not express the way I feel
About you
Sometimes wished that all this wasn't real
Because you
You set my world on fire, burned it down,
Danced on my ashes
Hope you'll fall soon

And every time you went away,
Every time you said goodbye
I always thought that you were true,
I was blinded by your lies and
About time that I woke up,
Should have known this led to nothing
About time that I drove home
Found myself and laughed again,

Someday maybe, maybe someday
You'll feel me and you'll agree

All those nights you ruined with your fights
I'm so glad, to leave them all behind
It's moonlit summer skies I crave
Moonlit summer skies I crave

Hate does not express the way I feel
About you
Sometimes wished that all this wasn't real
Because you
You set my world on fire, burned it down,
Danced on my ashes

I hate you!
