Picture perfect descriptions are hard.
No zits or facial hair plus she's smart.
Watch out, you'll get snowblind from her teeth!
She's got a giggle, so infectuous you'll squirm like a
kid.
If our tongues could bond, that'd be such a trip.

I'm old enough to dress myself.
Dazed and abused, by these passed teenage years.

So I asked her: "Did you see the show?"
"Christian rock sucks, man, I'm into devo." Here's a
demo.
Allow me to jog your memory.

Last term both took French and biology.
I sat right behind you. "The kid who fainted?"
That was me!

I know it all,
sounds rather lush
but won't you wear my ring to school cause...

I'm the one who...
who'd give his last Rolo to ...
you! I'm the one who...
won't pee in your shower or beat you up when I come
home, unfeasibly drunk.

I know it all,
sounds rather lush
but won't you wear my ring?
