It's okay to have your doubts
Cause that's what it's all about
Hide'm well, they'll give you hell
Show your best! and pass their tests
Betray your friends, they'll be impressed
Be sure you're popular

And don't take the blame!
Put the blame on others
Tel'm again, everything that bothers you off
Of them and reject all 'f them! For ever!

For once be sure that you don't stand out
Think twice, never say you can do without
Three times every morning!
And four, make sure that they need you more
Take 5, use 'm all just to stay alive
And don't trust anyone of them

Always be prepared to lie,
Break your promise then deny
Cheat and use all dirty tricks
Laugh at others, get'm down!
Tell'm that you live uptown!
And don't admit, you're sick of it...

And don't take the blame!
Put the blame on others
Tel'm again, everything that bothers you off
Of them and reject all 'f them! For ever!

No! Don't want you to know!
Now I wished I had a place, yeah a place to hide
Yeah, I wished I could show how I felt inside
And I know all I do is just deny
And please, please, please, don't ask me why
Why I do all these things,
Cause all I want to do
Is really fit in and be like you
Yeah be like you!
