"Assassin Of Love"

Visit "[Assassin Of Love](#)" on MotoLyrics.com

The imagination of an unrestrained dedication,
without considering the consequences and the betrayal
of own ideals,
just to kill my thirst,
fills me with hate,
the temptation to dedicate myself unrestrained to cold
love,
is just as big as the hate for the lust of the flesh.
The lust of flesh is an assassin of love! Why is it so
hard? (its so damn hard).
Emotions just ain't mechanic,
the question of greed, love, past, future, anger and
anxiety,
I don't want to live my present in the past anymore,
your past determines my reality.
