You are my world, my cage, my love, my hate,
My everything
When I am blind, YouÃfÃçâ, ÑÃ™ ll take my hand
And lead me safe and sound

You are the one who makes me smile
You are the one who makes me cry
Next to you I feel strong
Next to you nothing feels wrong

I am here today (right now) to say I want you
I am here today (right now) to say I love you
More than youÃfÃçâ, ÑÃ™ ll ever know

You give me hope for more,
You show me how to fall
Today I will forget the pain
Because I know youÃfÃçâ, ÑÃ™ re here

You are the one who took my fears
You give me wounds that will
Never disappear
Nothing you do could hurt me
But one wrong word could cause
My end

I am here today (right now) to say I want you
I am here today (right now) to say I love you
More than youÃfÃçâ, ÑÃ™ ll ever know

(My world, my cage, my love, my hate, you are my
everything)
(You took my fear, gave me wounds that only GREW)

I am here today (right now) to say I want you
I am here today (right now) to say I love you
More than youÃfÃçâ, ÑÃ™ ll ever know

I LOVE YOU (I love you, I love you)
