"My Fiction Beauty"

Waiting to breath out, I saved my last breath to blow
this darkness away, sweet shadows are calling me
My heart feels free to beat, it?s all about you, my fiction
beauty, you are the one who could save me!
Save me, you were the avenger, a shining illusion of
my lust, a shining illusion of my trust!
Sweet shadows are calling me, my heart is scared to
beat, it?s all about my fiction beauty,
You are the one who could kill me.
Save me, you were the avenger, a shining illusion of
my lust, a shining illusion of my trust!
Sweet shadows are calling me, my heart feels to weak
to beat, it?s all about you my fiction beauty,
You are the one who killed me.
Save me, you were the avenger, a shining illusion of
my lust, a shining illusion of my trust!
Waiting to breathe out, I saved my last breath to blow
this darkness away.
