I wake up in flames
Like everyday with my heart in my hands
I wake up in flames
Like everyday with my heart in my hands
I wake up in flames
Say my name and I will rise again
I will rise again
I will kill again
I will kill again, I will
Say my name and I will kill again
Kill again
I wake up in flames
Like everyday with my heart in my hands
I wake up in flames
Say my name and I will rise again
Here is my little secret
Stay back or I will kill
Kill, kill
Here is my little secret
Stay back or I will kill
Kill, kill
I promised you my blood
I gave you my life
But you threw it all away
Go, run, flee
Go, run, flee
Faster
I wake up in flames
Like everyday with my heart in my hands
I wake up in flames
Say my name again
Here is my little secret
Stay back or I will kill
Kill, kill
Here is my little secret
Stay back or I will kill
Kill, kill, kill, kill
