I'm there of what you dream
I see you, but what are you?
I'm there of what you dream
I see you, but what are you?

You make me sick
Eat me up
Stand up
I was there where you will never be

Bits come off your shell
But I recognize still nothing
You change with the flow of the mass
A thick empty shell with no content
I keep my eyes shut, but I scream at you
Just open your eyes

Take me up, tear me down
But when I'm gone
You're the one who's left
Take me up, tear me down
You're the one who's left

I can't recognize you
A bug full of stand ups
I can't recognize you
A bug full of stand ups

A bug full of stand ups
A bug full of stand ups

Bits come off your shell
But I recognize still nothing
You change with the flow of the mass
A thick empty shell with no content
I keep my eyes shut, but I scream at you
Just open your eyes

Take me up, tear me down
But when I'm gone
You're the one who's left
Take me up, tear me down

Tear me down

Take me up, tear me down

But when I'm gone

You're the one who's left

Take me up, tear me down

You're the one who's left
