The bogeyman is waiting  
In the shadows of your dreams  
You're afraid to fall asleep  
You're awake 'til you're too weak  
Come sweetie come it's bogey time,  
let me in and you'll be mine

This pain  
I bottled up inside  
This pain  
You'll never know (know)  
This pain  
That's accusing you  
My scars don't even begin to show

This pain  
I bottled up inside  
This pain  
You'll never know (know)  
This pain  
That's accusing you  
My scars don't even begin to show

Your soul is broken  
And can never be mend (never be mend)  
You are trapped in a silent cage  
Come sweetie, come

Come sweetie come it's bogey time,  
Let me in and you'll be mine  
Run sweetie run, cry and fade,  
This will be your last serenade  
Run, cry, fight, die

This pain  
I bottled up inside  
This pain  
You'll never know (know)  
This pain  
That's accusing you  
My scars don't even begin to show

This pain  
I bottled up inside  
This pain  
You'll never know (know)  
This pain  
That's accusing you  
My scars don't even begin to show (begin to show)

Here comes the bogeyman (bogeyman)  
Here comes the bogeyman (bogeyman)  
Penetrates your dreams  
Here comes the bogeyman (bogeyman)  
Taking white  
Giving red
