(Randy Jackson - Janie Fricke)

Oh, the last thing that I didn't do
Was the talk about me and you
Was to tell you that I love you and that you love me too
That's the last thing that I didn't do.

Oh, the last time that I didn't cry
Was the first time that you told me goodbye
It will up inside me but I let it slide
That's the last time that I didn't cry.

--- Instrumental ---

Oh, the last thing that I don't regret
Was the moment that you and I met
You'll stay with me always and I'll never forget
That's the last thing that I don't regret...
