"Flight Into Fun"

When the rain of pain is lashing down
And hope sails on sunken dreams
I will always look above, and never crawl
I hear your call

When nice paradise comes crashing down
And hate grins from gray sunbeams
I will always feel your love, and never crawl
I stand so tall

Nothing can stop us Â– we are one
Nothing can top this flight into fun
We are the fire in the sun
And our flight has just begun

As you know the score and how to play
And fate runs behind your way
Let this journey break the dark for ever more
Like none before

Nothing can stop us Â– we are one
Nothing can top this flight into fun

We are the fire in the sun
And our flight has just begun

Nothing can stop us Â– we are one
Nothing can top this flight into fun
We are the fire in the sun
And our flight has just begun

Yeah, do they know the way to heaven
And see saints marching through
Well, only fools pray to heaven
Though they are so untrue

Nothing can stop us Â– we are one
Nothing can top this flight into fun
We are the fire in the sun
And our flight has just begun

Nothing can stop us Â– we are one

Nothing can top this flight into fun
We are the fire in the sun
And our flight has just begun
