Would you like to learn to sing?  
Would you like to sing my song?  
Would you like to learn to love me best of all?

Anyone can learn the words  
And the melody's so plain  
This is my song to bring you back again

I'll teach you how to sing and dance  
With a song and dance routine  
And when the party's over  
You can fall in love with me

Would you like to learn to tango?  
Do you dance the light fandango?  
Teach you how before we're done  
Anyone can make it two  
Any two can turn to one  
And the melody's lost before the song's begun

Well we sound so good together  
And so poorly sung alone  
Your harmony's an open breeze into my sheltered  
home

I can teach you how to sing and dance  
With a song and dance routine  
And when the party's over  
You can fall in love with me
