Only One

{ Jann Arden Richards / Russell Broom }

If I come back

If I return

If I can last my fate on this earth

I'll be baptized

I'll pray to them all

I'll lay down in the water and drown away my faults

Will you think of me then

When you're all alone

Or when you're with your lover

And throwing her a bone

Will you wish it was me lying in your bed

Wrapped around the covers underneath your breath

Only one only one I ever loved ever loved

The only one only one I ever loved

I'm closing my eyes

I'm biting my tongue

I'm really starting to wonder where this heartache
came from

I'm lying on the tracks

I'm hearing the train

I'm praying that the Holy Ghost will save me again

Only one only one I ever loved ever loved

The only one only one I every loved

If I come back

If I find you there

I'm calling on my daddy

And he'll kill you I swear

He'll leave you in parts all over the ground

There you will stay never to be found

Only one only one I ever loved ever loved

The only one only one I ever loved

Only one only one I ever loved ever loved

The only one only one I ever loved ever loved
The only one only one
Was I enoughâ€¦no
