do you feel like we could never change
do you feel we never really could
do you feel nothing
like i'm nothing to you

tell me what you think of honestly
i can't say that we're not meant to be
and i would if you would
and we could be together
and i try so hard
you don't know how much it kills me

i feel that nothing is over
that's why i chase after you
so what if there's nothing in common
i'm still gonna chase after you
chase after you chase after you
all the time
someday some way somehow you and me
you said we can't we could never be
and i would if you would
just put your arm around me
and i try so hard
you don't know how much it kills me

i feel that nothing is over
that's why i chase after you
so what if there's nothing in common
i'm still gonna chase after you
chase after you chase after you
let's go!

do you feel like we could never change
do you feel we never really could
do you feel nothing
like i'm nothing to you

i feel that nothing is over
that's why i chase after you
so what if there's nothing in common
i'm still gonna chase after you
chase after you chase after you

all the time
all the time
