## "I Know You"

I know that you're sorry  
I know you've been drunk all week  
I know that you did not mean to  
Spit out those profanities  
I know you're a loser  
I know you've had bad skin all your life  
I also know you will never find a wife

Someone who could love someone so hard  
And you are  
And you are

I don't think you're ugly  
I just think the world has made you weird  
I doubt very much you even hear  
Anything I say to you  
What's that on your shoulder?  
Don't you know it's pulling you apart?  
Every vein connected to your heart

Nobody could love someone so hard  
I know you well enough to say  
You need to start again  
I hope you never underestimate yourself my friend  
My friend

I think that you need me  
Even though you tell yourself you don't  
I will love you even though you won't  
I will be your confidant

Won't you let me hold you?  
Won't you let me kiss you on the mouth?  
Oh I know you'll tell me to get out  
It doesn't matter any way

I know you well enough to say  
You need to start again  
I hope you never underestimate yourself my friend  
My friend, My friend, My friend  
I know you so well  
I know you so well

I know you so well
