Cry baby, cry baby, cry baby
Cry baby, cry

The hardest part of goodbye
The hardest part of all
I say those words to you now
And I watch you crawl back to me
Where is your dignity?
Oh, where is your dignity?

I make you promises
And I break them all apart
I'm lying like a sidewalk
A typical loves me, loves me not
A typical loves me, loves me not
A typical loves me, loves me not

I never really loved you
I never loved you back
I never even liked you
I only wanted sex, sex

Cry baby, cry baby, cry baby, cry baby

The hardest part of goodbye
Is moving all your stuff
Hey, what's the name of that one guy?
I sure could use his pick up truck
I surely could use his pick up truck
I surely could use his pick up truck

I never really loved you
I never loved you back
I never even liked you
I only wanted sex

I never really loved you
I never loved you back
I never even liked you
I only wanted sex, sex
(Cry baby, cry baby, cry baby)

I only wanted
(Cry baby, cry baby, cry baby)
I only wanted sex
(Cry baby, cry baby)
