If I come back, if I return
If I can last my fate on this earth
I'll be baptized, I'll pray to them all
I'll lay down in the water
And drown away my faults

Will you think of me then
When you're all alone?
Or when you're with your lover
And throwing her a bone

Will you wish it was me
Lying in your bed
Wrapped around the covers
Underneath your breath?

Only one, only one
I ever loved, ever loved
The only one, only one I ever loved

I'm closing my eyes
I'm biting my tongue
I'm really starting to wonder
Where this heartache came from

I'm lying on the tracks
I'm hearing the train
I'm praying that the
Holy Ghost will save me again

Only one, only one
I ever loved, ever loved
The only one, only one I ever loved

If I come back, if I find you there
I'm calling on my daddy and he'll kill you, I swear
He'll leave you in parts all over the ground
Then there you will stay never to be found

Only one, only one
I ever loved, ever loved
The only one, only one I ever loved

Only one, only one
I ever loved, ever loved
The only one, only one I ever loved

The only one, only one
Was I enough? No
