All night long I walk the floor  
I don't think I can take much more.  
You're out running God knows where.  
I get the feeling you just don't care.

Tell me 'cause I need to know.  
Cause if you do you never let it show.  
Baby if your puttin' me down,  
Why am I hangin' around?

::Chorus::

Tell me why, why do you break my heart,  
Treat me like you do when I  
Try, try so hard just to satisfy you, baby.  
Why you wanna make me cry?  
I know I love you but I don't know why.

Sit down now we gotta talk this out.  
Cause I'm beginning to have my doubts.  
I wanna stay in love with you,  
But you've got to give me a reason to.

Well, I can only give so much.  
Now pretty soon I'm gonna give it up.  
Boy, you gotta make it clear,  
What am I doing here?

::Chorus::

Seems like you could try a little harder,  
To let me know you care.  
Cause there ain't never been a time when  
I haven't been there.

::Chorus (loop)::
