

## **Across The Sun "This War"**

Visit "[This War](#)" on MotoLyrics.com

We will survive this war  
Love and hate in limbo  
With myself  
Can't take in stride the old ways  
Cycled through as new ways to die  
Changing strong willed intellect  
In to flocks of mindless drones  
Taking all but what's been programmed

It's time  
It's time to rise in opposition  
This recession is getting old  
For too long  
Stood by and watched life burn  
This conversation goes one way  
Hear me now

Engage death on my soul  
To rain mercy on you  
Exalted leaders become our crutch  
For power and strength

We all must fall to the remnant  
Of what was lost we long for  
Wait for me my love  
Wait forever more  
We all follow exalted leaders  
Lead us away from heaven  
Wait for me my love  
Give me strength once more

We are weakening  
Exalted leaders become our crutch  
Engage death on my soul  
To rain mercy on you

One more time  
I see it every day  
Take control  
Supplement our ways

Wait for me love

Wait for me every day  
Give me strength  
To move on

Engage death on my soul  
To rain mercy on you
