Staying at a hotel in a world not far from here.
Sitting in the lobby when a man yells in my ear.
I turn to look, I see a gun that's pointed at my head.
He's upset and he's crying and I think he wants me
dead.
So what's the meaning of this, why do you threaten me
this way?
He said 'You were sleeping with my wife and now
you're gonna pay.'
What have I done? He probably thought that I was
someone.
What did I do, did he have to shoot me too?
Was it coincidence, was I in the wrong place at the
wrong time?
I don't know your wife, and I sure don't wanna die.
'Shut up cause I know you're lying. You're the one she
pointed out,
Right before I shot her so I know with out a doubt.'
But I'm innocent, I have a girl, not even from this town.
'You call my wife a liar? Now you're really going down.'
He took me from the crowd and made me get down on
my knees,
Put a barrel to my head as I begged him 'No, please.'
What have I done? He probably thought that I was
someone.
What did I do, did he have to shoot me too?
Was it coincidence, was I in the wrong place at the
wrong time?
But now I'm dead, so nevermind.
Everybody dies I'm no exception to the rule, but it
wasn't my time to go.
My life was taken by a fool. He listened to his cheating
wife,
the intruder got away. Security couldn't save me and so
now I have to pay.
But I'm bleeding on the floor.
He's bleeding on the floor.
I'm bleeding on the floor.
What have I done?
I never thought that I was someone else.
What did I do, did you have to shoot me too?
Was it coincidence, was I in the wrong place at the

wrong time?
But now I'm dead, so nevermind.
