I just had a dream  
That you were far away  
And that someone else  
Was in your arms today

Though I know it's just a dream  
Still my fear is so extreme  
Coz I know that dreams  
Could sometimes be true  
And I'd be blue

And I told myself I'd always stay the same  
Even if you hurt me  
I would take the blame

You were all I'm living for  
I would love you even more  
I would keep the pain inside my door

It's enough for me that I have com  
To love the you I see  
Because the heart I have  
Could only want you  
I just want you to remember  
Even if it takes forever  
I will wait until the world is through  
When all that's left is only me and you

Yes I told myself I'd always stay the same  
Even if you hurt me

I would take the blame

You were all I'm living for  
I would love you even more  
I would keep the pain inside my door

It's enough for me that I have com  
To love the you I see  
Because the heart I have  
Could only want you  
I just want you to remember

Even if it takes forever  
I will wait until the world is through  
When all that's left is only me and you

It's enough for me that I have com  
To love the you I see  
Because the heart I have  
Could only want you  
I just want you to remember  
Even if it takes forever  
I will wait until the world is through

I'd wait for you  
You know it's true  
Until again I'll be with you  
When all that's left is only me and you
