Who cares if they catch us hereâ€¦!
Who really cares in a 100 years

Like a boy with a girl at the end of a party
Wasting too much time.
Or a girl with a fool at the end of the bar
Bored out of her mind.

Everything's a process
Everything's a control
But all of this won't stop where we belong

Nothing really matters
Nothing really matters
None of this will matter years from now

Some say that we are born this wayâ€¦!
And some might say that we're nothing but the choices
we've made.

Like the feeling in a boy stuck here on a movie star
Wasting all his tears
Like a scene, like a fool, like a girl in the moodâ€¦!
Clawing at your jeans

Everything's a process
Everything's a control
But all of this won't stop where we belong

Nothing really matters
Nothing really matters
None of this will matter years from now

I'm not a saint in this life
I'm not a savior in any light
I'm not a saint in this life
I'm not a savior in any light
Everyday we pray for rain
It's a lonely life,
it's a waste of your time
Everyday we pray for rain

It's a lonely life,
it's a waste of your time

Everything's a process
Everything's a control
But all of this won't stop where we belong

Nothing really matters
Nothing really matters
None of this will matter years from now
Nothing really matters
Nothing really matters
None of this will matter years from now
