"Hold Me Tender"

There's no way around it
It's you and me one on one
Velvet nights softly pounding
Two hearts on the run
I think you know what I'm saying
I can feel that lovin' touch
You get the message I'm sending
I'm yours
I'm asking
Chorus
Hold me tender
Say you need me
Love surrender so completely
Cover me in midnight kisses
Starlit dances warm like this
It's a little like heaven
What your heart is made of
I'm fallin', I'm standin'
So deep in your love
And when the night is descending
I can feel that lovin' touch
There's no need for pretending
Your eyes are asking
(chorus)
I think you know what I'm saying
I can feel that lovin' touch
You get the message I'm sending
I'm yours
I'm asking
(chorus)
