We loom and we pray
And we crawl all around the room
And we feed off our own
Stained inside by all we hide and
We're always apt to say we'll never feel the same
It's not a lie, it's already in you now
We're always apt to say we'll never feel the same
It's not a lie, it's already in me
The stains we hide
Always rely on
Believing the lie
Carved out in your mind
The stains we hide
Bury us all alive inside
'Til it wears you out
We're covered up
We're covered now
In STAINS
The STAINS (x3)
We aim
For the light
We avoid our eyes and try to feel like
We're alone
Stained inside by all we hide
We're always apt to say we'll never feel the same
It's not a lie, it's already in you now
We're always apt to say we'll never feel the same
It's not a lie, it's already in me
The stains we hide
Always rely on
Believing the lie
Carved out in your mind
The stains we hide
Bury us all alive inside
'Til it wears you out
We're covered up
We're covered now
In STAINS
The STAINS (x4)
The stains we hide
Always rely on

Believing the lie
Carved out in your mind
The stains we hide
Bury us all alive inside
'Til it wears you out
We're covered up
We're covered now
In STAINS
The STAINS
