You roll me in
And wrap me up
You rock my heart in the cradle of love
I feel tender pull
Magnetism
We could survive a mild collision
You're my only soul contender
I can't fight it
I surrender
Can't you tell that I'm
Chorus
Stuck on you
I'm stuck on you
I'll hold you like a rock
I'll stick like glue
There'll never be a woman
Who moves like you
Baby I'll cover
There'll never be another
And I'll never make you cry
I can't stand the hurt
Flowing in your eyes
I'll never let you down
Or say goodbye
No, No, No
I'm stuck on you
Can I get closer
You're the girl I can't get over
When you look at me
I'm a diamond changing
I wanna get lost in your cool invasion
I'm not lookin'
For luck or money
Just pour like sugar
Stick like honey
Girl can't you tell that I'm
(chorus)
You roll me in
And you wrap me up
You rock my heart
In the cradle

The cradle of love
(chorus)
