"Your Arms"

I spy you love, sneaking all around this place
Both of your eyes keep wandering astray.

This is a never ending game,
This is a never ending game,
This is a never ending secret we keep.

Lay down all your arms
Lay down your guns
Lay down your secrets now forever after
Lay down your arms
Lay down your guns
Lay down your secrets now forever after.

"Why try", you speak with both of your eyes.
They say more now that we could ever trade in words.

This is a never ending game,
This is a never ending game,
This is a never ending secret we keep.

Lay down all your arms
Lay down your guns
Lay down your secrets now forever after
Lay down your arms
Lay down your guns
Lay down your secrets now forever after.

Two days before a brand new year
The shell broke enough to show
Two souls conceived a game they believe
Will never end.

Lay down all your arms
Lay down your guns
Lay down your secrets now forever after
Lay down your arms
Lay down your guns
Lay down your secrets now forever after.

This is a never ending game

Lay down your arms
This is a never ending game
Lay down your guns
This is a never ending secret
Lay down your secrets now
Forever after.
