She wanted him to know that she believed in him
And her friends all disagreed with the choice she made
She decided to risk it all on a hunch she believed in
They tried to stand in her way, in her way

We won't give them an opportunity to divide and
conquer us
Let's show the strength and passion
that connects, that connects them to us

These two star crossed souls are in the same state of
mind
They'd rather follow their heart than other peoples' lies
If you separated them, they'd never be satisfied
Death is eminent but such a sweet lullaby

We won't give them an opportunity to divide and
conquer us
Let's show the strength and passion
that connects, that connects them to us

If we stand together, they won't stand a chance
If we stand together, they won't stand a chance
If we stand together, they won't stand a chance
If we stand together, they won't stand a chance
She won't stop and he won't let go
They wanna elope and then grow old
They tried; they gotta fight back or die

Sweet lullaby

We won't give them an opportunity to divide and
conquer us
Let's show the strength and passion
that connects, that connects them to us

We won't give them an opportunity to divide and
conquer us
Let's show the strength and passion
that connects, that connects them to us

We will fight back or die

We will fight back or die
