They've got you movin' to the city  
Oh my, you think you're lookin' pretty  
But they've got their pistols too  
Tucked down beneath their shoe

It's a new sensation  
World annihilation  
Moving to the music  
Patiently it's waiting

The city's scaming  
I can hear them breathing  
Crying out for wisdom  
Hungry minds are feeding

[Chorus:]  
I know that you're tired of this  
Cause you're a robot  
They designed your life  
But true souls said you know what's right  
And you can join us on the other side

Are you scared?

They've got you marching to a drum beat  
Oh my you got another nose bleed  
They'll keep you so amused  
You'll never taste the truth

It's a new creation  
Total dominatin  
Chains across you shoulders  
Social captivation

Kill our leaders  
Persecute our teachers  
Criticize our culture  
Crucify free thinkers

[Chorus]

Fill our eyes with money  
Vanify that's cunning  
Only on the surface  
Diamonds look so stunning

Mass deception  
Altered our perception  
Sold it to the children  
Made a new connection
