Take it easy, check me out  
Take it easy, check me out

I move from the car wash  
Your hands are not clean  
From your fascist graffiti  
I'm getting kind of tired  
Descending escalators  
To the heart of the subway  
But you are not the only one baby, oh no  
Check me out

Oh well it's getting kind of silly  
Inadequate bodies are waging a war  
But you better check the situation  
Your mouth is open wide  
But your body's too sore

Say, but you are not the only one baby  
Check me out

But my performance is good  
My performance is good  
My performance is good  
For your love  
For your love  
As I perform for you  
Another nervous breakdown

Well nobody has to suffer  
The camera ejects  
From another location  
Take refuge in the city  
And move on down the line  
Between the cradle of stations

But you are not the only one baby  
Check me out

But my performance is good  
My performance is good

My performance is good  
For your love  
For your love  
As I perform for you  
Another nervous breakdown
