"Young Hearts Spark Fire"

We finished our old lives
Like we finished off the wine
Now we're used to staying up all night
Two hearts beating
Oh yeah, oh yeah

Well you can keep tomorrow
After tonight, we're not gonna need it
Beat up, beat down, wet ground
But too drunk to feel it

Ooh
We used to dream
Now we worry about dying

I don't wanna worry about dying
I just wanna worry about those sunshine girls

Young hearts
Spark fire
All night
Oh yeah, oh yeah

You can keep tomorrow
After tonight, we're not gonna need it
Beat up, beat down, wet ground
But too drunk to feel it

Ooh
We used to dream
Now we worry about dying

I don't wanna worry about dying
I just wanna worry about sunshine girls
