I can't face another day  
I can't wait to hear you say  
I'm missing you, I'm missing you

Yesterday and days before  
The sun don't shine here anymore  
It's plain to see the way I feel  
Makes no difference where you're at

Forever doesn't take that long  
I've been waiting for so long  
Tell myself there's nothing wrong  
But it's killing me inside  
Will I face another day  
Hope is that I'm here to stay  
Tell myself it's all OK  
But it's killing me inside

Living dying emptiness  
Sadness holding loneliness  
Come with me I'll do my best  
Just waste away with me  
Love me leave me stay with me  
Take away my everything  
Leave me waiting all my life  
Don't tell me nothing's wrong  
Don't tell me nothing's wrong

Forever doesn't take that long  
I've been waiting for so long  
Tell myself there's nothing wrong  
But it's killing me inside  
Will I face another day  
Hope is that I'm here to stay  
Tell myself it's all OK  
But it's killing me inside

Forever doesn't take that long  
I'll be by your side forever more

Forever doesn't take that long  
I've been waiting for so long

Tell myself there's nothing wrong  
But it's killing me inside  
Forever doesn't take that long
