Can we go somewhere in time
To find
Waited for you all my life
You left me behind

When I think of you, when I think of you

This ain't Hollywood man this is real
This is worth all of the waitings gone
Suffer in the trend suffering
Now you know exactly where it ends

Changes of made in my life begins to try
Living without you still moments I see you and hide
Waiting for you to return
I'm waiting for you to return

Nothings ever fair, nothings ever fair

This ain't Hollywood man this is real
This is worth all of the waitings gone
Suffer in the trend suffering
Now you know exactly where it ends

I can't believe all the things that you said
Now I'm holding on holding on

When I think of you, when I think of you

Why has it taken me most of my life
To figure out what isn't wrong what is right
Suffering left here finding my way home
Can I make it now I'm left on my own
