deceptive eyes azure  
and black as his heart, they do lie as they lure  
go with him down and the chain will follow  
unto the ends of earth now, his pain will swallow you  
down down as he buries your face  
down and down, his kiss sears with a trace  
of the sign of the cross you'll believe now you're lost  
of the sign, of the sign, of the sign of the cross...  
so don't walk this red river  
drink the blood from the cup  
don't swim this red water  
for its sad and corrupt, ahhhhhh  
deceptive eyes azure  
and black as his heart, they do lie as they lure  
follow him down unto the ends of the earth  
don't let him touch you-his cruel dead mirth  
the prophesy of his words will haunt you (they hunt you  
down)  
the prophesy of his words will taunt you (they hurt you  
now)  
the prophesy of his words will haunt you (they hunt you  
down)

the prophesy of these words the prophesy of these  
words  
so don't walk this red river  
drink the blood from the cup  
don't swim this red water  
for its sad and corrupt, ahhhhhh  
deceptive eyes azure  
and black as his heart, they will lie as they lure  
go with him down and the chain will follow  
unto the ends of the earth now his pain  
will swallow you down  
(yes open your arms wide, my dear, and spread them)  
open your legs wide, and welcome in  
to the deep black hole through eyes azure  
the deep black soul of a lonely voyeur  
"in the name of the father, the son, & the holy ghost"
