I am falling down to reach You
Close my eyes to see You
Annihilate my body
Elevate my soul

I am coming round the corner
And looking over my shoulder
Living like it's over
'Cause all I want is You

All I want, all I want
This world called crazy
All that's true tonight
All I want is You

I am taking hold of liberty
Counting on the mystery
Jumping for the energy
And going out of my mind

'Cause You are speaking what cannot be heard
Showing up where no one is expecting You
Taking up what no one is taking to
And that's why You are

All I want, all I want
(That's what I want)
This world called crazy
All that's true tonight
All I want is You

All I want, all I want
(All I want)
This life is amazing
The moment that I chose
All I want is You

All I want is You
All I want, all I want is You
All I want is You
All I want is You

Speaking what can not be heard
Showing up where no one is expecting You
Taking up what no one is taking to
And that's why You are

All, all I want, all, all I want
Tonight all I want is You

All I want, all I want
This world called crazy
All that's true tonight
All I want is You

All I want, all I want
This is life is amazing
The moment that I choose
All I want is You

'Cause You are speaking what cannot be heard
Showing up where no one is expecting You
Taking up what no one is taking to
Now all I want is You
