I'm just sitting here, tryna forget 'bout all those years,
and I
I can't take the thought of him alone with you, alone
with you
It's been a year or so, and you moved on and left me
cold, and I
I wish that I could let you know that I still got a thang for
you

But you got another man, he says he loves you too
Baby girl, I understand this must be hard on you
And it gets so hard sometimes to know just what to do
Stuck in the middle with you

You and I through it all
Sunny days, through the storms
Still I know he can never love you like me
Girl, I know he and you going new
He messed it up with it all
No, he can never love you like me

Can we go back again as lovers not as friends
'Cause I know he can never love you like me
Girl, I've been there before
Time to close that open door, I know
That he can never love you like me

I was the one you came running to
When tears would fall from what he do
Who knew the friends would become lovers
Going crazy giving my all but getting halfa you
I'm not half the man so tell me what to do
Never gonna let you go 'cause you know our love is
true

Babe, you got another man, but he's not good for you
Baby girl, I understand but this ain't all on you
And it gets so hard some time to know just what to do
Stuck in the middle with you

You and I through it all

Sunny days, through the storms
Still I know he can never love you like me
Girl, I know he and you going new
He messed it up with it all
No, he can never love you like me

Can we go back again as lovers not as friends
'Cause I know he can never love you like me
Girl, I've been there before
Time to close that open door, I know
That he can never love you like me

I know that you will never find another love like
Me and you can look but won't find another man like
Me and even though you might have separated from
me
Gotta make a choice can't wait forever

You and I through it all
Sunny days, through the storms
Still I know he can never love you like me
Girl, I know he and you going new
He messed it up with it all
No, he can never love you like me

Can we go back again as lovers not as friends
'Cause I know he can never love you like me
Girl, I've been there before
Time to close that open door, I know
That he can never love you like me
Love you like me, love you like me
