The morning light is sneaking through your window
You don't have a shadow of a doubt
Though you're alone
You're not on your own
You'll figure it out

The people on the street keep you guessing
You try to judge the look in their eyes
And the beautiful girls are lost in their worlds
But you found your way here
And you're going to survive

Hooray for Hollywood
Hooray for Hollywood

Sometimes you're feeling blinded by the sunshine
Sometimes you're seeing clearly in the dark
Don't wear your heart on your sleeve
When you're here in this town
It'll build you way up then break you back down

Hooray for Hollywood
Hooray for Hollywood
You're so misunderstood
Keep shining like you should
Hooray for Hollywood

Highs and lows will take their toll on you
Hold on
Everything is yours for the taking
There can be no hesitating
In Hollywood

Hooray for Hollywood
You're so misunderstood
Keep shining like you should
Hooray for Hollywood
Hooray for Hollywood
You're so misunderstood
So keep fighting on when all hope is gone
You live and you learn
The tables will turn

So shine like you should

Hooray for Hollywood (x3)
