So we're scared, it's okay
All the best things start out that way
Look at me, take my hand
Sometimes you have to jump to make a stand

I have faith... in leaping
Throwing out... what ain't worth keeping
Sometimes it's hard to want what I'm needing
I have faith... in leaping
I have faith... in leaping

It works just like magic
Thinking we know how it works is tragic
Look at us, we're living proof
All the lies on earth can't hide the truth

I have faith... in leaping
Throwing out... what ain't worth keeping
Sometimes it's hard to want what I'm needing
I have faith... in leaping
I have faith... in leaping

Sometimes it's hard to want what I'm needing
But I have faith... in leaping
I have faith... in leaping
