Time runs out
For inspections
For the last attempts of peace
Resolutions for aliby
For slaves of greed
When the bombs of coalition speak
Blood turns to silence
With patience they drag us down
Get up, revolt!

Chorus:
Show resentment and disrepect
Let them know that we oppose
And in remembrance of their victims
I write this song

See them break
The law of nations
And the rules of human rights
Superior friendly fire
What a friend would kill a friend?
Bring them to justice
With patience
We'll drag 'em down
Get up, revolt!

Secret service propaganda
And a cowboy as commander
Speaks to fan the flames of anger
By their weapons they defend their power
Their way
