You were Juliet and I was into you
And I asked you out til you couldn't say no
And you finally felt it too.
I drove you down the boulevard
That's where you took my heart
And you gave me yours instead
And every day you find new ways to be beautiful
You laugh at the garden that won't grow in the lawn.
Drink coffee in the kitchen with no makeup on
Sing all the wrong words to my favorite songs
You're beautiful and that's beautiful
You got lines on your face from sleeping on me
Call me at work cause you lost your key
Go to buy a dog and you come home with three
You're beautiful and that's beautiful to me
You turn every head when you walk into a room
But your kindness and your sweetened soul lingers like
perfume.
Babe, you coulda gone with Romeo
But you let him go
And you stayed with me instead

And every day I find new ways that make you beautiful
You say honey give me roses but don't buy red
You need 46 pillows all over the bed
You guess every punchline before its said
You're beautiful and thats beautiful
What's she doing with a guy like me?
You're so cool and I'm high tea.
I don't deserve to
Have a girl as beautiful as you
You laugh at the garden that won't grow in the lawn.
Drink coffee in the kitchen with no makeup on
Sing all the wrong word to my favorite songs
You're beautiful and that's beautiful
You got lines on your face from sleeping on me
Call me at work cause you lost your key
Go to buy a dog and you come home with three
You're beautiful and that's beautiful to me
You're so beautiful
And that's beautiful to me.
