It comes around just once a year  
The season's changed, but I'm still here  
And I'm waiting on a friend to come back home

The neighbors got their house and lights  
The tree is shining oh-so-bright  
But that star, they must have brought down from the  
sky

Every year, the town gets snow for Christmas  
But all that's only part of what Christmas is to me

It's my sister on the telephone  
Dad's asleep before the guests go home  
And Grandma's in the kitchen all day  
Mom's complaining that the house is cold  
My uncle's had more than he can hold  
And I'm just sitting on the couch  
Hoping that the home team can win  
You see, that's what Christmas is to me

Santa's sleigh is on it's way  
We got cookies and milk waiting on a tray  
And the family's gathered watching "It's a Wonderful  
Life"

I take a look around and think to myself  
"I wouldn't wanna be anywhere else"  
It's Christmas time, and I know it's a wonderful life

But, every year, the town gets snow for Christmas  
But all that's only part of what Christmas is to me

It's my sister on the telephone  
Dad's asleep before the guests go home  
And Grandma's in the kitchen all day  
Mom's complaining that the house is cold  
My uncle's had more than he can hold  
And I'm just sitting on the couch  
Hoping that the home team can win  
You see, that's what Christmas is

You see, it's all about the yuletide cheer  
That brings us together here  
For the holidays

Let's not let this Christmas pass  
Without making this feeling last  
Throughout the year

Too much trash for the can to hold  
Another Christmas story told  
And I can't wait until we tell it again next year

It's my sister on the telephone  
Dad's asleep before the guests go home  
And Grandma's baking in the kitchen all day  
Now, Mom's complaining that the house is cold  
My uncle's had more than he can hold  
And I'm just sitting on the couch  
Hoping that the home team can win  
You see, that's what Christmas is  
That's what Christmas is to me
