I should've known when you were lookin' round the
room,
You were searching for a flower... in full bloom.
You don't need me to love you,
When you got somebody new.
But what you don't know can hurt you,
Cause baby I got sleeves too,
And I'm rollin' back a big surprise.
Can't wait to see your eyes when I do.

You'll see baby you'll be coming back,
You'll see baby you'll be coming back,
You'll see baby you'll be coming back,
It's only just a matter of time.

You'll see baby you'll be coming back,
When I'll be pullin' in the station down the FU track,
And you'll do anything for a heart attack,
When you're standing at the end of the line.

I should probably feel a little sadness and regret,
But I won't have done enough gloating yet.
I'll enjoy watching you sweat,
Walking that wire without a net.

But you're done thinkin' it's a fantasy
And I'll be watching you as you reach for me,
I'll keep my arms across my chest,
And let the best be history.

You'll see baby you'll be coming back,
You'll see baby you'll be coming back,
You'll see baby you'll be coming back,
It's only just a matter of time.

Yea, you'll see baby you'll be coming back,
When I'll be pullin' in the station down the FU track.
And you'll do anything for a heart attack,
When you're standing at the end of the line.

Right now when I need your shoulder to cry on, to lie

on,
You leave me here to die on my own,
So you can take all the bad feelings I've ever known,
When you're gone

Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah
